Subject: FW: Tradebe permit status

Per our conversations about tracking annual permit commitments from the states, I did ask Jean to put a spreadsheet together for you to look at, but in the meantime, I wanted you to see the email exchange below between Jae and IDEM. He has done this kind of personal tracking thru the years

Mary Setnicar

Subject: RE: Tradebe permit status

Our target date for the FINAL permit renewal is June 2, 2017. I expect the draft will be issued 3-4 months prior to that date.

Ruth A. Jean
Senior Environmental Manager

Subject: Tradebe permit status

Ruth,

Do you have any specific target date for the issuance of draft RCRA permit to Tradebe?

The current State RCRA permit expires in December 2016.

We are still working with HQ about the permit/exemption issue of the Thermal Desorption Units that process hazardous waste.

Jae
